

Getting Your Business Started

This is a very simple business. These products work. People will see how good you look, and they will want to have that success also. You are truly helping people by sharing this program with them, and the sooner you do that, the sooner you will get your business started.

- **Make a list** of everyone you know who might be interested in feeling better, looking better, or making money (this is probably everyone you know).
 - Family
 - Friends
 - Work associates
 - Classmates
 - Other "Networkers"
 - Health club acquaintances
 - Church groups
 - Hair dressers
- **Start sharing this** right away. Find a friend to try it with you! By using the products you will develop your own "success story" to share, but you can use other peoples' stories until you have your own. There are many great testimonials and pictures on www.WeightLossHallOfFame.net.
- **Get yourself into "Profit Mode"** right away by Personally Enrolling two people, one on your left and one on your right. This will make you a Consultant. This can be done in the first 24-48 hours.

Get qualified as a Consultant

- **Use your "Support Team"**: Your upline people are here to help you all the way. Let your sponsor know you are ready to get started, and ask for names and numbers of other upline that are actively building the business.
